### Product benefits

Wobble-free drive

The TX internal, multi-tooth drive allows easy and secure screw driving from setting to countersinking.

No predrilling

Predrilling is not needed, even in most hardwoods. But given the many different properties of hardwoods we would always recommend testing before use.

Stainless steel A4

Austenitic stainless and anti-corrosion special-grade steel for use in damp rooms and outdoor applications, including industrial atmospheres and in coastal areas.
