

# E-hunt 1.0

- 2 years guarantee
- Custom fit
- Soft TPE
- Impuls noise reduction filters
- Includes Neckcord, Carry Case and User Manual
- Stay protected while speaking to fellow hunters

E-hunt passive hearing protection plugs is recommended for hunters and can be used during the hunt or on the shooting range. E-hunt includes an impulse protection filter that optimally protects your ears when you fire your weapon.

E-hunt is developed with two different handles for Left and Right, so it is easy to place the plugs in your ears. E-hunt is manufactured in medical approved, soft TPE via a 3D scan of the ears through the earfabSCAN app. Now you can order your custom-made product regardless of location.

## **Certifications:**

CE Certified  
EN 352-2:2020  
ANSI S3.19-1974

## Attenuation levels [dB]

	High	Mid	Low	SNR	NRR
<b>Mean</b>	24.1	20.4	18.6	22.9	-
<b>SD</b>	2.2	2.2	2.0	1.9	-
<b>Result</b>	22.0	18.0	17.0	21.0	14.0

Frequency Hz	MEAN mf [dB]	SD Sf [dB]	APV mf – sf [dB]
63	14.2	5.5	8.7
125	16.3	4.7	11.6
250	18.1	2.8	15.3
500	19.2	2.6	16.6
1000	19.8	3.2	16.6
2000	27.8	3.6	24.2
4000	22.8	2.3	20.5
