

E-industry

- Custom fit
- Soft TPE
- Noise reducing filters
- Includes Neckcord, Carry Case and User Manual
- Stay protected while having conversations with your peers at work

E-industry is recommended for use in the manufacturing industry, where the use of hearing protection is mandatory. The attenuation in E-industry is adapted to the noise you experience from industrial environments and at the same time you have clear understanding of speech.

E-industry is developed in medical approved, soft TPE via a 3D scan of your ears through earfabSCAN app. Now you can order your custom-made product regardless of location.

Certifications:

CE Certified
EN 352-2-2020
ANSI S3.19-1974

Attenuation levels [dB]

	High	Mid	Low	SNR	NRR
Mean	26	23.1	22.4	25.4	-
SD	2.2	3.4	3.6	2.7	-
Result	24	20	19	23	16

Frequency Hz	MEAN mf [dB]	SD Sf [dB]	APV mf – sf [dB]
63	21.3	5.2	16.1
125	22.4	4.2	18.2
250	22.1	3.9	18.2
500	22.2	4.7	17.5
1000	22.6	4.0	18.6
2000	30.0	3.4	26.6
4000	24.6	3.5	21.1
8000	37.8	4.5	33.3
