

PRODUCT CODE: PAF-0057

PRODUCT NAME: CleanSpace™ Particulate Pre-Filter Covers for Large Case Filters (20/pk)

Description

The CleanSpace Particulate Pre-Filter is suitable for protection against airborne particulates (dust, mists and fumes). The Pre-Filter is designed to remove coarse particles and enhance the life of the Particulate P3 Filter on PAF-0037 and Combined Filters. The Pre-Filter should be changed after each use.

IMPORTANT: When selecting a CleanSpace Filter please consult a Health and Safety specialist for advice on the appropriate respiratory equipment and filter use.

Approvals

Standards

AS/NZS1716: 2012
EN 12942

Classification

PAPR-P3

Features

- Used with the revolutionary CleanSpace - a light weight PAPR with no hoses/belts
- Materials: Spun polymer fibres
- Easy and quickly fitted and removed from the power unit
- Sold in Pack of 20
- Compatible with all CleanSpace Respirators

Specifications and materials

- Packaged weight: 216g. Dimensions: 335mm x 230mm x 65mm
- Packaged Shelf life: 5 years from manufacturing date.
- Materials: Spun polymer fibres
- Storage and Use: -10°C to +55°C (-4°F to +131°F) at <90% relative humidity. Store away from direct sunlight, grease and oil
- These filters are not water proof and should be replaced if in contact with water

Suitable Applications

Mining, Welding, Manufacturing, Smelting, Construction, Recycling Plants, Emergency Services, Agriculture, Processing Plants, Grinding, Powder Coating
Refer to Filter Selection Table for more details. <https://cleanspacetechnology.com/wp-content/uploads/2020/04/CleanSpace-Filter-Selection-Table-ROW.pdf>

Training

Online training available with verification for compliance purposes.

Limitations

CleanSpace respirators are air filtering, fan assisted positive pressure masks and designed to be worn in environments where there is sufficient oxygen to breathe safely. Do not use the CleanSpace in IDLH atmospheres, to protect against gases/vapours that cannot be filtered, or in Oxygen enriched or deficient atmospheres.
