## SCOUT

### GENERAL

Art.Nr:	L-0828-5
GTIN:	4030281023531
E-class number:	40-21-03-01
Customs tariff number:	84799070

Standards:	EN 353-2:2024
Net weight:	1.58 kg
Gross weight:	1.58 kg

## DATASHEET

### SCOUT

The universally applicable SCOUT fall arrester with integrated strap fall arrester offers a large range of motion due to the rope length (5 m, 10 m, 15 m, 20 m) . It is approved for user weights up to 150 kilograms and, due to its edge suitability, can be used both for vertical ascents and for horizontal work on fall edges. The fall arrester slides along the rope with very low friction, both during ascent and descent. Thanks to an integrated panic function, the SCOUT locks immediately in the event of a fall and enables reliable positioning of the user. The intuitive, compact fall arrester is made of stainless steel and can therefore withstand the toughest conditions. SCOUT is certified according to EN 353-2.

#### FEATURES

Colour:	White, Red
Fallindicator:	Yes
Hand wash:	40 °C
Edge approved:	Yes
Maximum lifetime:	10 years
Minimum temperature:	-35 °C
Maximum temperature:	45 °C

#### DIMENSIONS

Rope length:	5.00 m
Rope diameter:	11.00 mm
Lanyard rope diameter:	11.00 mm

#### MATERIAL

Material:	Polyamide, Steel, Stainless Steel
