# DATASHEET

## FOOT STEPS

Lightweight etrier with 4 steps, suitable for ascending the rope in combination with an ascender handle.

### Main features:

- equipped with four contoured steps for easy insertion of the boot and fitted with abrasion-resistant inserts;
  - equipped with two upper steps integrated into the two top steps, a loop for top attachment and a lower point for connecting a second foot loop;
  - it can be easily folded into a small space and transported on the harness, using the elastic webbing with Velcro incorporated into the last step.
- Attention! Not to be used as a PPE.
