Yes

Product Weight
370g

FEATURES

Prescription RX Insert Lenses

The RX Modular Prescription Kit enables the use of corrective lenses with the Force@10 Typhoon™ respirator, preventing traditional prescription spectacles interrupting the face seal and compromising protection.

Effortless Maintenance

The Force@10 Typhoon™ has been meticulously engineered to incorporate a small number of key components. Disassembly, cleaning and maintenance are effortless with replacement parts available.

Typhoon™ Valve

Low resistance exhalation valve for easy breathing, with stable mask configuration. Made from silicone it performs well at very low temperatures.

Excellent Face Seal

Extensive research has been carried out by NIOSH (ISO16976-2) to distinguish the worlds 5 most common facial shapes. Using this research JSP have digitally optimised the ergonomics of the Force@10 Typhoon™ face seal to maximise wearer compatibility.

Available in 3 Sizes

Available in Small, Medium and Large to provide an even better fit to a wider range of face sizes and shapes improving the seal and level of protection. A size guide is available for use with Force@8 & Force@10 Typhoon™ masks.

Peel-off Visor

Replaceable peel-off visor protectors are available to prolong the life of the Force@10 Typhoon™.

PressToCheck™ Compatible

The Force@10 Typhoon™ is compatible with both JSP Classic filters and our PressToCheck™ filters, which allow for Daily Face Fit Reassurance™.

Ultra Lightweight Comfort

Comfort is a key feature of this ultra lightweight mask, the web like structure of the harness cradles the users head – ensuring wearer comfort throughout the working day.

Filter Compatibility

Fully compatible with PressToCheck™ twin filter cartridges, providing daily face fit reassurance with the easiest way to check the seal each time the mask is donned. Fit it - Press it - Check it.
