

Product Data Sheet

Seite 1/1

Product	: Brush Seal Polypropylene with Aluminum Profile
Product Group	: Brush seals
Description	: Brush Seal polypropylene in countersink steel with Aluminium profile
Application	: Sealing
Size	: several.
Hair thickness	: 0,15 mm
Special gravity:	: 0,91 g/cm ³
Water absorption	: 0.1%
Resistance to abrasion	: 60%
Heat resistance	: 80°C (in dry operation)
Heat resistance	: 90°C (in wet operation)
Low temperature Stability	: -10°
Chemical Resistance	: very good (List available on request)
